

Dryflow® Vapordri Hand Dryer

Generated on 04.12.2019

Detailed description

Compact, blade-style, water vaporising hand dryer.

Features and benefits:

- Design incorporates a modern blue LED light down the side of the unit, which lights up when the dryer is in use.
- Quick dry time of 10–15 seconds, suitable for use in high traffic public washrooms.
- Water is directed straight into a water collection system. The unit has a 500 ml drainage tank which collects the excess water from hand drying, leaving floors and walls water free. The drainage tank is easily accessible from the bottom of the dryer for quick servicing.
- High speed, low noise system.
- Includes HEPA filter and advanced hygiene technology as standard, which removes 99.5% of microbes.
- Easy maintenance diagnostic system.
- Suitable for smaller washrooms due to low, 180 mm depth.
- The heater element is only activated if the washroom temperature drops below 25°C, keeping energy usage low.
- A luminous display system notifies of when the HEPA filter needs changing, when the water tray is full and when the brushes need changing.
- CE marked.
- Five-year guarantee.

Applications:

Suitable for high traffic areas (301–500 uses per day) in washrooms including airports, bars, cinemas /theatres, colleges, factories, hotels, leisure centres, motorway services, offices, restaurants, retail outlets, supermarkets, and universities.

Product guidance - As Standard

Size (h x w x d):

540 x 320 x 180 mm.

Material:

Antibacterial ABS; the plastic is injected with silver ions which prevents the growth of bacteria, fungi and mould.

Finish:

Graphite (DFVAP1G).

Technical characteristics:

- Rated power: 1.00–1.50 kW.
- Input voltage: 220–240 V (50–60 Hz).
- Energy per dry: 3.06–4.58 Wh.
- Motor class: Class II.
- Motor speed: 30 000 rpm.
- Motor lifespan: 4200 hours.
- Cost per 1000 dries: 37–55 p.
- Drying time range: 10–15 s.
- Air speed: 335 mph.
- Sensor type: Adjustable.
- Operating sound level (at 2 m): 65 dB.
- Operating temperature range: At ambient temperature 20°C: 40°C.
- Heater element power: 500 W.
- Motor cut-off time: 30 seconds.
- Ingress protection (IP) rating: IP21.
- Cable entry point: Rear, with access available from the bottom.
- Weight: 7.2 kg.
