

IFS1029 Prestige

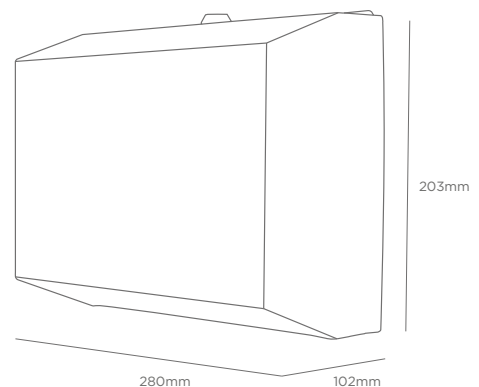

Brushed Satin Mini Paper Towel Dispenser

An attractive, robust and hard wearing dispenser designed for low traffic, prestigious washrooms. Very simple to replenish and maintain.

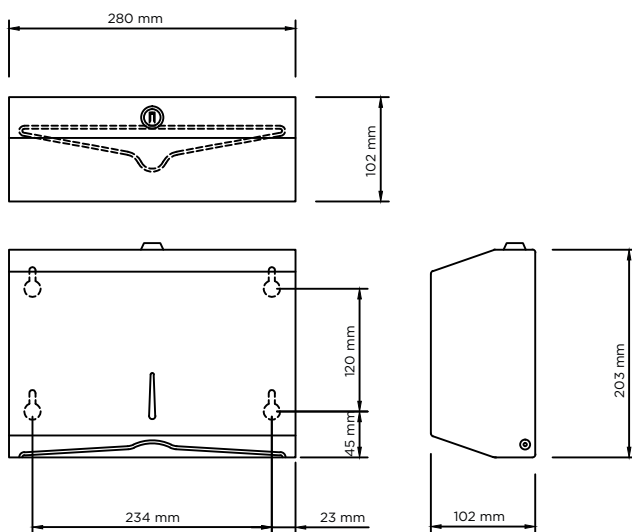

Technical Description

AISI 304 (1mm gauge) brushed satin stainless steel hand towel dispenser is designed to hold a capacity of 250 C-Fold or 300 multifold paper hand towels. The dispenser is hinged from underneath providing front opening for replenishment. Double folded paper outlet creates smooth and safe access to the paper. Stainless back plate is fitted directly to the wall using fixing screws. Anti-vandal key lock is located on the top of the dispenser. Viewing window shows when paper levels are low.
