Dryflow Jetforce Junior Hand Dryer

Generated on 22.01.2018

Detailed description

Powerful blade hand dryer.

Features and benefits:

- 12–15 seconds dry time.
- Low sound levels, maintained by the ability to turn the motor speed high or low.
- The heater element can be switched on or off. Enclosed switches activate the two-speed motor and heater.
- Costs 95% cheaper than paper towels, and uses 75% less energy than conventional dryers.
- Air intake is filtered by an integrated UV-C and HEPA air filter system, maximizing bacteria and particle collection.
- Water drains into an easily serviceable water tray, avoiding mess on walls and floors. Both the drainer and filter are easily accessible from the bottom of the dryer.
- The motor has an expected life of 1000 hours.
- Two year guarantee.

Applications:

Suitable to withstand low to light use, up to 100 uses per day. For hotels, limited space washrooms, museums, offices, restaurants and factories.

CE marked.
