**Rated Power** 1.7 kW

**Cost per 1000 dries** 96p

**Finishes and Codes** White (DF05W)  
Brushed Satin (DF05SS)

**IP rating** IP21

**Dimensions** Height 345mm  
Width 350mm  
Depth 100mm

Dryflow  
Elite

RECOMMENDED TRAFFIC:

**>500 uses a day**

GUARANTEE PERIOD:

**5 years**

## Benefits

### Quiet yet good performance

To make a hand dryer quiet, the drying performance is usually compromised. Not with this hand dryer. Not only will children and other vulnerable adults find this unit pleasing on their ears, they will walk away with fully dried hands and no disappointment at all.

### A motor life that exceeds most others

When you buy a hand dryer you want it to last. Most quality high traffic hand dryers have a motor life of 3000 – 4000 hours and give years of service. This has a motor life of 17,000 hours! Whatever your traffic level, this motor will keep running for years beyond most others on the market.

### Taking the traditional to the next level

The Dryflow Elite has taken the characteristics of the old-fashioned hand dryer and brought them into modern times. This very quiet hand dryer dries the hands in double the time of a conventional dryer, making it more energy efficient. This hand dryer will save you a lot of money when compared to the cost of paper towels or a traditional hand dryer.

### Very slim profile

The amount of space available in a washroom can restrict product choices. At just 100mm depth it takes up hardly any space. This reduces the chances of bumping into it, or other people, in confined spaces. It also looks great as it doesn't protrude too far from the wall. The sloped nature of the cover minimises the chances of someone leaving objects on top of it.

### Made to the highest standards

This UK designed and built hand dryer is one of the most robust available. With both the cover and back plate being made of high-grade stainless steel, secured by anti-vandal screws, they are suitable for unforgiving environments.

## Annual cost and carbon production (Kg/CO<sup>2</sup>) for an office of 20 people\*
